'Ageing Equally?' Research Programme

Looking at what it means to 'age well' through the eyes of different communities

People who experience marginalisation may have different ideas about what makes a neighbourhood age-friendly, and these may change as they age.

What makes a good place in which to grow older, for people who belong to minority communities?

Can your group help answer this question?

Up to £2,000 is available for Ambition for Ageing Equalities Board members to run a short research project.

Deadline: Use our form to tell us your idea by 19th December

For more information and to join the Equalities Board, go to: lgbt.foundation/afa-equalities-board or contact us as below.
